

Namaste,

I'm [Divyesh Bhandari](#) —a multi-disciplinary designer fueled by creativity, problem-solving, and the magic of visual storytelling. With a strong foundation in design and a deep passion for technology, I bring a unique set of skills in the house.

I find advertising very fascinating. The idea of tackling challenges with creativity and strategy excites me, and it's what keeps me constantly inspired in this ever-evolving field.

My journey has been quite unconventional. While my educational pursuit began with a [Bachelor's degree in Computer Application](#) from South Gujarat University, my genuine passion for design led me to the [AA-Academy](#) Specialist Program at Arena Multimedia Mumbai. It was during this time that I refined my craft and discovered my true calling in the field of design.

The initial stepping stone of my career was at [ZWA! Design](#), a remarkable boutique design studio in Mumbai, where I spent nearly four transformative years. This experience played a pivotal role in shaping my skills and igniting my creative spirit. Seeking fresh challenges, I transitioned to a corporate environment, joining [General Mills](#), where I specialized in crafting responsive web experiences.

But my adventures didn't stop there. I took a leap and journeyed from Mumbai to Dubai, where I had the privilege of consulting for [VisitDubai.com](#) dedicating 6 months to their product module. This experience not only deepened my appreciation for Dubai but also opened doors to a new chapter in my career at [ImpactProximity](#). As I continued to carve my path, I eventually found myself at [ImpactBBDO](#), navigated uncharted waters alongside accomplished Copywriters, CDs, and ECDs, collaborating on campaigns, pitches, shoots, brain storming and pouring my heart into every project to deliver exceptional results. It's been more than a year, I've brought my expertise to [Leo Burnett](#), where I continue to add value every day with the knowledge and experience I've gathered along the way.

Feel free to reach out to me directly on my mobile at [+971 569240602](#) or drop me an email at namastediv@gmail.com. I am excited to connect and explore new creative opportunities together.
